

An inquiry based approach is driven by students' curiosity about the world around them. It encourages connection, co-operation, and collaboration by allowing students to pose and solve problems together and with their communities in shared, authentic learning experiences.

Action

So what, Questions, take action

Tuning in

Prior knowledge, prepare to find out

Reflection

Make connections, draw conclusions- self, peer, group, assessment

Finding out

Learning experiences-finding information

Going Further

Extending individual or group research/thinking

Sorting

Processing, sorting information

The meaning of "knowing" has shifted from being able to remember and repeat information to being able to find and use it.

National Research Council, 2007
